1. Mr. Sampson of FE Division said that they had received word from Paris that a group of Vietnamese were distributing a one-page propaganda sheet to members of Congress and other leading Americans containing anti-Diem propaganda. The FE Division desires to see a copy of this sheet. A check with Cong. Judd, the offices of Senators Mansfield and Knowland, and the House Foreign Affairs Committee failed to reveal a copy, but all promised to make a copy available to us if it should turn up.

2. Mr. Darden, of the staff of the Senate Armed Services Committee, has requested us to study the transcript of the CIA hearing on the building with a view to its ultimate publication and the elimination of any security material. He has also asked us to provide language which will repeal the 1951 authorization for a CIA building.
